

Caledonia Mining Corporation Plc

MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL INFORMATION

To the Shareholders of Caledonia Mining Corporation Plc:

Management has prepared the information and representations in this interim report. The unaudited condensed consolidated interim financial statements of Caledonia Mining Corporation Plc and its subsidiaries (the "Group") have been prepared in accordance with IFRS Accounting Standards, as issued by the International Accounting Standards Board ("IFRS") and, where appropriate, these statements include some amounts that are based on best estimates and judgment. Management has determined such amounts on a reasonable basis in order to ensure that the unaudited condensed consolidated interim financial statements are presented fairly, in all material respects.

The accompanying Management Discussion and Analysis ("MD&A") also includes information regarding the impact of current transactions, sources of liquidity, capital resources, operating trends, risks and uncertainties. Actual results in the future may differ materially from our present assessment of this information because future events and circumstances may not occur as expected.

The Group maintains adequate systems of internal accounting and administrative controls, within reasonable cost. Such systems are designed to provide reasonable assurance that relevant and reliable financial information is produced.

Management is responsible for establishing and maintaining adequate internal controls over financial reporting ("ICOFR"). Any system of ICOFR, no matter how well designed, has inherent limitations. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation.

At June 30, 2024 management evaluated the effectiveness of the Group's ICOFR and concluded that such ICOFR was effective based on the criteria outlined in the Internal Control Integrated Framework (2013) issued by the Committee of Sponsoring Organisations of the Treadway Commission.

The Board of Directors, through its Audit Committee, is responsible for ensuring that management fulfils its responsibilities for financial reporting and internal control. The Audit Committee is composed of four independent non-executive directors. This Committee meets periodically with management, the external auditor and internal auditor to review accounting, auditing, internal control and financial reporting matters.

These unaudited condensed consolidated interim financial statements have not been audited by the Group's independent auditor.

The unaudited condensed consolidated interim financial statements for the period ended June 30, 2024 were approved by the Board of Directors and signed on its behalf on August 12, 2024.

(Signed) J.M. Learmonth
Chief Executive Officer

Caledonia Mining Corporation Plc
Notes to the Condensed Consolidated Interim Financial Statements
For the period ended June 30, 2024 and 2023
(in thousands of United States Dollars, unless indicated otherwise)

1 Reporting entity

Caledonia Mining Corporation Plc (“Caledonia” or the “Company”) is a company domiciled in Jersey, Channel Islands. The Company’s registered office address is B006 Millais House, Castle Quay, St Helier, Jersey, Channel Islands.

These unaudited condensed consolidated interim financial statements as at and for the six months ended June 30, 2024 are of the Company and its subsidiaries (the “Group”). The Group’s primary involvement is in the operation of a gold mine and the exploration and development of mineral properties for precious metals in Zimbabwe.

Caledonia’s shares are listed on the NYSE American LLC stock exchange (symbol – “CMCL”). Depository interests in Caledonia’s shares are admitted to trading on AIM of the London Stock Exchange plc (symbol – “CMCL”). Caledonia listed on the Victoria Falls Stock Exchange (“VFEX”) (symbol – “CMCL”) on December 2, 2021. Caledonia voluntarily delisted from the Toronto Stock Exchange (the “TSX”) on June 19, 2020. After the delisting the Company remains a Canadian reporting issuer and has to comply with Canadian securities laws until it demonstrates that Canadian shareholders represent less than 2% of issued share capital.

2 Basis of preparation

(a) Statement of compliance

These unaudited condensed consolidated interim financial statements have been prepared in accordance with IAS 34 Interim Financial Reporting and do not include all the information required for full annual financial statements. Accordingly, certain information and disclosures normally included in the annual financial statements prepared in accordance with IFRS Accounting Standards, as issued by the International Accounting Standards Board (“IFRS”) have been omitted or condensed. Selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the last annual consolidated financial statements as at and for the year ended December 31, 2023.

(b) Basis of measurement

These unaudited condensed consolidated interim financial statements have been prepared on the historical cost basis except for:

- cash-settled share-based payment arrangements measured at fair value on grant and re-measurement dates;
- equity-settled share-based payment arrangements measured at fair value on the grant date; and
- derivative financial assets measured at fair value.

(c) Functional currency

These unaudited condensed consolidated interim financial statements are presented in United States Dollar (“\$” or “US Dollars” or “USD”), which is also the functional currency of the Company. All financial information presented in US Dollars has been rounded to the nearest thousand, unless indicated otherwise.

Caledonia Mining Corporation Plc
Notes to the Condensed Consolidated Interim Financial Statements
For the period ended June 30, 2024 and 2023
(in thousands of United States Dollars, unless indicated otherwise)

3 Use of accounting assumptions, estimates and judgements

In preparing these unaudited condensed consolidated interim financial statements, management has made accounting assumptions, estimates and judgements that affect the application of the Group's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Changes in estimates are recognised prospectively. Key accounting assumptions, estimates and judgements applied in the preparation of the unaudited condensed consolidated interim annual financial statements are consistent with those applied in the preparation of the audited annual consolidated financial statements for the year ended December 31, 2023.

4 Material accounting policies

The same accounting policies and methods of computation have been applied consistently to all periods presented in these unaudited condensed consolidated interim financial statements as compared to the Group's annual consolidated financial statements for the year ended December 31, 2023. In addition, the accounting policies have been applied consistently throughout the Group.

5 Blanket Zimbabwe Indigenisation Transaction

On February 20, 2012 the Group announced it had signed a Memorandum of Understanding ("MoU") with the Minister of Youth, Development, Indigenisation and Empowerment of the Zimbabwean Government pursuant to which the Group agreed that indigenous Zimbabweans would acquire an effective 51% ownership interest in the Zimbabwean company owning the Blanket Mine (also referred to herein as "Blanket" or "Blanket Mine" as the context requires) for a paid transactional value of \$30.09 million. Pursuant to the above, members of the Group entered into agreements with each indigenous shareholder to transfer 51% of the Group's ownership interest in Blanket Mine whereby it:

- sold a 16% interest to the National Indigenisation and Economic Empowerment Fund ("NIEEF") for \$11.74 million;
- sold a 15% interest to Fremiro Investments (Private) Limited ("Fremiro"), which is owned by indigenous Zimbabweans, for \$11.01 million;
- sold a 10% interest to Blanket Employee Trust Services (Private) Limited ("BETS") for the benefit of present and future managers and employees for \$7.34 million. The shares in BETS are held by the Blanket Mine Employee Trust ("Employee Trust") with Blanket Mine's employees holding participation units in the Employee Trust; and
- donated a 10% ownership interest to the Gwanda Community Share Ownership Trust ("Community Trust"). In addition, Blanket Mine paid a non-refundable donation of \$1 million to the Community Trust.

The Group facilitated the vendor funding of these transactions which is repaid by way of dividends from Blanket Mine. 80% of dividends declared by Blanket Mine are used to repay such loans and the remaining 20% unconditionally accrues to the respective indigenous shareholders. Following a modification to the interest rate on June 23, 2017, outstanding balances on these facilitation loans attract interest at a rate of the lower of a fixed 7.25% per annum payable quarterly or 80% of the Blanket Mine dividend in the quarter. The timing of the loan repayments depends on the future financial performance of Blanket Mine and the extent of future dividends declared by Blanket Mine. The Group related facilitation loans were transferred as dividends in specie intra-group and now the loans and most of the interest thereon is payable to the Company.

Caledonia Mining Corporation Plc
Notes to the Condensed Consolidated Interim Financial Statements
For the period ended June 30, 2024 and 2023
(in thousands of United States Dollars, unless indicated otherwise)

5 Blanket Zimbabwe Indigenisation Transaction (continued)

Accounting treatment

The directors of Caledonia Holdings Zimbabwe (Private) Limited (“CHZ”), a wholly-owned subsidiary of the Company, performed an assessment using the requirements of IFRS 10: Consolidated Financial Statements (IFRS 10). It was concluded that CHZ should consolidate Blanket Mine after the indigenisation. The subscription agreements with the indigenous shareholders have been accounted for accordingly as a transaction with non-controlling interests and as a share-based payment transaction.

The subscription agreements, concluded on February 20, 2012, were accounted for as follows:

- Non-controlling interests (“NCI”) were recognised on the portion of shareholding upon which dividends declared by Blanket Mine will accrue unconditionally to equity holders as follows:
 - (a) 20% of the 16% shareholding of NIEEF;
 - (b) 20% of the 15% shareholding of Fremiro; and
 - (c) 100% of the 10% shareholding of the Community Trust.
- This effectively means that NCI was initially recognised at 16.2% of the net assets of Blanket Mine, until the completion of the transaction with Fremiro, whereby the NCI reduced to 13.2% (see below).
- The remaining 80% of the shareholding of NIEEF and Fremiro was recognised as NCI to the extent that their attributable share of the net asset value of Blanket Mine exceeds the balance on the facilitation loans, including interest.
- The transaction with BETS is accounted for in accordance with IAS 19 *Employee Benefits* (profit sharing arrangement) as the ownership of the shares does not ultimately pass to the employees. The employees are entitled to participate in 20% of the dividends accruing to the 10% shareholding in Blanket Mine if they are employed at the date of such distribution. To the extent that 80% of the attributable dividends exceeds the balance on the BETS facilitation loan, they will accrue to the employees at the date of such declaration.
- BETS is an entity effectively controlled and consolidated by Blanket Mine. Accordingly, the shares held by BETS are effectively treated as treasury shares in Blanket Mine and no NCI is recognised.

Fremiro purchase agreement

On November 5, 2018 the Company and Fremiro entered into a sale agreement for Caledonia to purchase Fremiro’s 15% shareholding in Blanket Mine. On January 20, 2020 all substantive conditions to the transaction were satisfied. The Company issued 727,266 shares to Fremiro for the cancellation of their facilitation loan and purchase of Fremiro’s 15% shareholding in Blanket Mine. The transaction was accounted for as a repurchase of a previously vested equity instrument. As a result, the Fremiro share of the NCI of \$3,600 was derecognised, shares were issued at fair value, the share-based payment reserve was reduced by \$2,247 and the Company’s shareholding in Blanket Mine increased to 64% on the effective date.

Caledonia Mining Corporation Plc
Notes to the Condensed Consolidated Interim Financial Statements
For the period ended June 30, 2024 and 2023
(in thousands of United States Dollars, unless indicated otherwise)

7 Net foreign exchange (loss) gain

The RTGS\$ devalued from RTGS\$ 6,104: USD1 on December 31, 2023 to RTGS\$ 22,055: USD1 on March 31, 2024 and RTGS\$ 30.674:USD1 on April 5, 2024. The significant and accelerating rate of devaluation in the RTGS\$ led the Reserve Bank of Zimbabwe (“RBZ”) to introduce a new currency which is referred to as the “ZiG” on April 5, 2024.

According to the 2024 Monetary Policy Statement issued by the Governor of the Reserve Bank of Zimbabwe (“RBZ”) on April 5, 2024, the ZiG is a structured currency which is anchored by a composite basket of foreign currency and precious metals (mainly gold) held as reserves for this purpose by the RBZ. The ZiG replaced the RTGS\$ with immediate effect and was introduced at an official rate of ZiG13.56:US\$1 on April 5, 2024. On the same date, all RTGS\$ balances were translated from RTGS\$ to ZiG using an exchange rate of ZiG1: RTGS\$ 2,499. The ZiG co-circulates with other foreign currencies in the economy. The retention threshold on gold receipts remained unchanged: gold producers will continue to receive 75% of their revenues in US dollars and the balance in local currency i.e. the ZiG.

The ZiG has been much more stable on the formal market to the US Dollar since its introduction, compared to the RTGS\$. The ZiG closed at an official ZiG13.70:US\$1 on June 30, 2024. All conversions were performed at the official rate.

The table below illustrates the effect the weakening of the ZiG, RTGS\$ and other foreign currencies had on the consolidated statement of profit or loss.

	2024				2023			
	ZiG	RTGS\$	Other	Total	ZiG	RTGS\$	Other	Total
Unrealised foreign exchange (losses) gains	(27)	728	(62)	639	–	3,221	762	3,983

(in thousands of United States Dollars, unless indicated otherwise)

9 Share-based payments

9.1 Cash-settled share-based payments

(a) Restricted Share Units and Performance Units

Certain management and employees within the Group are granted Restricted Share Units (“RSUs”) and Performance Units (“PUs”) pursuant to provisions of the 2015 Omnibus Equity Incentive Compensation Plan (“OEICP”). All RSUs and PUs were granted and approved at the discretion of the Compensation Committee of the Board of Directors.

RSUs vest three years after grant date given that the service conditions of the relevant employees have been fulfilled. The value of the vested RSUs is the number of RSUs vested multiplied by the fair market value of the Company’s shares, as specified by the OEICP, on the date of settlement.

PUs have a performance condition, determined on their grant date, based on gold production, average normalised controllable cost per ounce of gold, resource development at Blanket Mine, financing and construction of Bilboes sulphide project and a performance period of one to three years. The number of PUs that vest will be the relevant portion of the PUs granted multiplied by the performance multiplier, which will reflect the actual performance in terms of the performance conditions compared to expectations on the date of the award.

RSU holders are entitled to receive dividends over the vesting period. Such dividends will be reinvested in additional RSUs at the then applicable share price. PUs have rights to dividends only after they have vested.

RSUs and PUs allow for settlement of the vesting date value in cash or, subject to conditions, shares issuable at fair market value or a combination of both at the discretion of the unitholder.

The fair value of the RSUs at the reporting date was based on the Black Scholes option valuation model less the fair value of the expected dividends during the vesting period multiplied by the performance multiplier expectation. The fair value of the PUs at the reporting date was based on the Black Scholes option valuation model. At the reporting date it was assumed that there is an 80%-100% probability that the performance conditions will be met and therefore an 80%-100% (2023: 93%-100%) average performance multiplier was used in calculating the estimated liability.

The liability as at June 30, 2024 amounted to \$644 (December 31, 2023: \$1,294). Included in the liability as at June 30, 2024 is an amount of \$67 (2023: \$386) that was expensed and classified as production costs; refer to note 6.

Caledonia Mining Corporation Plc
Notes to the Condensed Consolidated Interim Financial Statements
For the period ended June 30, 2024 and 2023
(in thousands of United States Dollars, unless indicated otherwise)

9 Share-based payments (continued)

9.1 Cash-settled share-based payments (continued)

(a) Restricted Share Units and Performance Units (continued)

The cash-settled share-based expense for PUs for the period amounted to \$57 (2023: \$271). During the period PUs to the value of \$83 were settled in share capital (net of employee tax) (2023: \$351) with the employee tax portion recognised in profit or loss.

The following assumptions were used in estimating the fair value of the cash-settled share-based payment liability on:

	June 30, 2024	December 31, 2023
	PU\$	PU\$
Risk free rate	4.36%	3.88%
Fair value (USD)	9.72	12.20
Share price (USD)	9.72	12.20
Performance multiplier percentage	80-100%	93-100%
Volatility	0.83	0.90
Share units granted:	PU\$	PU\$
Grant - January 11, 2021	35,341	56,244

Caledonia Mining Corporation Plc
Notes to the Condensed Consolidated Interim Financial Statements
For the period ended June 30, 2024 and 2023
(in thousands of United States Dollars, unless indicated otherwise)

9 Share-based payments (continued)

9.2 Equity-settled share-based payments

(a) EPU

EPUs which are classified as equity-settled (i.e. there is no option to vest in cash) (“EPUs”) have a performance condition, determined on their grant date, based on gold production, average normalised controllable cost per ounce of gold, resource development at Blanket Mine, financing and construction of Bilboes sulphide project and a performance period of three years. The number of EPUs that vest will be the relevant portion of the EPUs granted multiplied by the performance multiplier, which will reflect the actual performance in terms of the performance conditions compared to expectations on the date of the award.

EPUs have rights to dividends only after they have vested.

The shares issued are subject to a minimum holding period of until at least the first anniversary of the EPUs vesting date.

The fair value of the EPUs at the reporting date was based on the Black Scholes option valuation model less the fair value of the expected dividends during the vesting period multiplied by the performance percentage. At the reporting date it was assumed that there is a 100% probability that the performance conditions will be met and therefore a 100% performance multiplier was used in calculating the expense. The equity-settled share-based expense for EPUs as at June 30, 2024 amounted to \$414 (2023: \$331). An amount of \$85 (2023: \$Nil) was expensed and classified as production costs; refer to note 6.

The following assumptions were used in estimating the fair value of the equity-settled share-based payment that are in issue on:

Grant date	January 24, 2022	April 7, 2023	April 8, 2024	May 13, 2024
Number of units - remaining at reporting date	113,693	80,773	125,433	14,771
Share price (USD) - grant date	11.50	16.91	10.91	10.29
Fair value (USD) - grant date	10.15	15.33	9.53	10.02
Performance multiplier percentage at grant date	100%	100%	100%	100%

(b) Equity Restricted Share Units

RSUs which are classified as equity-settled (i.e. there is no option to vest in cash) (“ERSUs”) vest on the date as specified in the RSUs agreement given that the service conditions of the relevant employees have been fulfilled. The value of the vested RSUs is the number of RSUs vested multiplied by the fair market value of the Company’s shares, as specified by the OEICP, on the date of settlement.

ERSU holders are entitled to receive dividends over the vesting period. Such dividends will be reinvested in additional ERSUs at the then applicable share price.

The fair value of the RSUs at the reporting date was based on the Black Scholes option valuation model less the fair value of the expected dividends during the vesting period multiplied by the performance multiplier expectation.

Caledonia Mining Corporation Plc

(in thousands of United States Dollars, unless indicated otherwise)

9 Share-based payments (continued)

9.2 Equity-settled share-based payments (continued)

(b) Equity Restricted Share Units (continued)

The following assumptions were used in estimating the fair value of the equity-settled share-based payment that are in issue on:

Grant date	May 13, 2024
Vesting date	September 30, 2024
Number of units - remaining at reporting date	26,404
Share price (USD) - grant date	10.29
Fair value (USD) - grant date	10.02
Performance multiplier percentage at grant date	100%

The equity-settled share-based expense for ERSUs as at June 30, 2024 amounted to \$92 (2023: \$Nil).

10 Other expenses

	2024	2023
Intermediated Money Transaction Tax*	528	666
Community and social responsibility cost	736	582
Impairment of property, plant and equipment (note 13)	–	851
	1,264	2,099

* Intermediated Money Transfer Tax ("IMTT") is tax chargeable in Zimbabwe on transfer of physical money, electronically or by any other means and ranges from 1% to 2% per transaction performed in Zimbabwe.

11 Finance income and finance cost

	2024	2023
Finance income received - Bank	9	9

* Included in additions is the change in estimate for the decommissioning asset of (\$868) (2023: \$1,962) due to change in the Life of Mine (“LoM”) estimate to 2041.

& The solar plant was fully commissioned on February 2, 2023 and the sale agreement between Caledonia Mining Corporation Plc and Caledonia Mining Services (Private) Limited was concluded for the sale of the solar plant. Depreciation on the solar plant commenced on February 2, 2023 and the power purchase agreement, between Caledonia Mining Services (Private) Limited and Blanket Mine, became effective. From September 28, 2023 the solar plant is classified as held for sale.

In December 2022, the Caledonia board approved a proposal for Caledonia Mining Services (Private) Limited (which owns the solar plant) to issue loan notes pursuant to a loan note instrument (“bonds”) up to a value of \$12 million. The decision was taken in order to optimise the capital structure of the Group and provide additional debt instruments to the Zimbabwean financial market. Refer to note 21.1 for more information on these loan notes.

18 Assets and liabilities associated with assets held for sale

	2024	December 31, 2023
Non-current assets held for sale		
Solar plant	13,484	13,519
Liabilities associated with assets held for sale		
Site restoration liability	93	128

Caledonia Mining Corporation Plc
Notes to the Condensed Consolidated Interim Financial Statements
For the period ended June 30, 2024 and 2023
(in thousands of United States Dollars, unless indicated otherwise)

18 Assets and liabilities associated with assets held for sale (continued)

In the second quarter of 2023 management embarked on a marketing process to locate a buyer for the Company's solar plant located next to Blanket Mine. Various offers were received and a counterparty with a non-binding offer was given exclusivity to further negotiate the sale of the plant after proving their ability to operate and fund solar plants of similar size and complexity. The offer was received from a reputable global renewable energy operator and management is in an advanced stage of executing agreements to sell the solar plant. It is proposed that the new owners will exclusively supply Blanket with electricity from the plant, on a take-or-pay basis and in doing so secure Blanket's future power supply. This has the benefit of realising a cash profit on the sale of the plant and generate cash for reinvestment in our gold projects. In addition, management can focus on Caledonia's core business of gold mining.

On September 28, 2023 the Board approved management to negotiate the sale of the solar plant with the potential buyer. The assets were available for sale in their condition on September 28, 2023 and therefore met the criteria to be classified as held for sale.

Management determined the value of the carrying amount as the lower of the fair value less cost to sell and the carrying amount. The proceeds of the disposal are expected to substantially exceed the carrying amount of the related net assets and accordingly no impairment losses have been recognised on the classification of the solar plant. The asset was classified as property, plant and equipment before the reclassification to assets held for sale.

The change in estimate for the liability held for sale is due to the Blanket Mine's LoM that was extended to 2041 (that is inclusive of inferred resources and is based on an internal estimate representing management's best estimate of the LoM inclusive of the latest drilling results).

19 Share capital

20 Provisions

Site restoration

Site restoration relates to the estimated cost of closing down the mines and projects and represent the site and environmental restoration costs, estimated to be paid as a result of mining activities or previous mining activities. For the Blanket Mine site restoration costs are capitalised in property, plant and equipment with an increase in the provision at the net present value of the estimated future and inflated cost of site rehabilitation. Subsequently the capitalised cost is amortised over the life of the mine and the provision is unwound over the period to estimated restoration. For properties in the exploration and evaluation phase, such as the Bilboes, Maligreen and Motapa projects, site restoration costs are capitalised in exploration and evaluation assets with an increase in the provision at the undiscounted value of the estimated cost of site rehabilitation. Subsequently the costs capitalised are not amortised and the provision is not unwound.

Reconciliation of site restoration provision	June 30, 2024	December 31, 2023
<i>Blanket Mine</i>		
Balance January 1	4,766	2,823
Unwinding of discount (note 11)	198	109
Change in estimate (Blanket) (note 13)*	(868)	1,834
Balance	4,096	4,766
<i>Motapa, Maligreen and Bilboes</i>		
Balance January 1	6,219	135
Change in estimate (Motapa) (note 12)@	(899)	1,466
Change in estimate (Maligreen) (note 12)	—	152
Acquisition - Bilboes	—	4,466
Balance	5,320	6,219
Total balance	9,416	10,985
Current	—	—
Non-current	9,416	10,985
	9,416	10,985

* The change in estimate is due to the Blanket Mine's LoM that was extended to 2041 (that is inclusive of inferred resources and it is based on an internal estimate representing management's best estimate of the LoM inclusive of the latest drilling results).

@ After further review of the Motapa claims the old tailings storage facility, previously included in the rehabilitation liability, is not within the Caledonia claims area. The Tailing storage facility was subsequently excluded from the rehabilitation liability footprint.

The discount rate in calculating the present value of the Blanket Mine provision is 4.61% (2023: 4.14%) and is based on a risk-free rate and cash flows are estimated at an average 2.37% inflation (2023: 2.40%). The gross rehabilitation costs, before discounting, amounted to \$5,950 (2023: \$5,629) for Blanket Mine as at June 30, 2024.

The undiscounted gross rehabilitation costs for exploration and evaluation assets as at June 30, 2024, amounted to \$4,466 (2023: \$4,466) for Bilboes Holdings, \$567 (2023: \$1,466) for Motapa and \$287 (2023: \$287) for Maligreen.

21.1 Solar loan notes

Following the commissioning of Caledonia’s wholly owned solar plant on February 2, 2023, the decision was taken to optimise the capital structure of the Group and provide additional debt instruments to the Zimbabwean financial market by way of issuing loan notes pursuant to a loan note instrument (“bonds”). The bonds were issued by the Zimbabwean registered entity owning the solar plant, Caledonia Mining Services (Private) Limited. The bonds carry a fixed interest rate of 9.5% payable bi-annually and have a tenure of 3 years from the date of issue. The bond repayments are guaranteed by the Company. \$9 million of bonds were in issue at the date of approval of these financial statements. \$7 million of bonds were issued to Zimbabwean registered commercial entities. Subsequently, these bonds were transferred to Caledonia Holdings Zimbabwe (Private) Limited (“CHZ”), a subsidiary of the Company.

A summary of the bonds is as follows:

	2024	December 31, 2023
Balance January 1	7,112	–
Amounts received	2,000	7,000
Transaction costs	(61)	(105)

24 Operating Segments

The Group's operating segments have been identified based on geographic areas. The strategic business units are managed separately because they require different technology and marketing strategies. For each of the strategic business units, the Group's CEO reviews internal management reports on at least a quarterly basis. Blanket Mine, Bilboes oxide mine, exploration and evaluation assets ("E&E projects") and South Africa describe the Group's reportable segments. The Blanket operating segment comprises Caledonia Holdings Zimbabwe (Private) Limited, Blanket Mine (1983) (Private) Limited, Blanket's satellite projects and Caledonia Mining Services (Private) Limited ("CMS"). The Bilboes oxide mine segment comprises the oxide mining activities. The E&E projects segment includes the exploration and evaluation activities of the Bilboes sulphide project as well as the Motapa and Maligreen projects. The South African segment represents the sales made by Caledonia Mining South Africa Proprietary Limited to the Blanket Mine. The holding company (Caledonia Mining Corporation Plc) and Greenstone Management Services Holdings Limited (a UK company) are responsible for corporate administrative functions within the Group and contribute to the strategic decision making process of the CEO and are therefore included in the disclosure below and combined with corporate and other reconciling amounts that do not represent a separate segment. Information regarding the results of each reportable segment is included below. Performance is measured based on profit before income tax, as included in the internal management report that is reviewed by the Group's CEO. Segment profit or exploration and evaluation cost is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries. The accounting policies of the reportable segments are the same as the Group's accounting policies.

Major customer

Revenues received from Fidelity amounted to \$24,749 (2023: \$48,728) for the six months ended June 30, 2024.

The Group has made \$63,886 (2023: \$17,738) of sales to AEG up to June 30, 2024, representing 29,539 ounces (2023: 9,083 ounces). Management believes this new sales mechanism reduces the risk associated with selling and receiving payment from a single refining source in Zimbabwe. It may allow for the Company to raise debt funding secured against offshore gold sales.

The Bullion trade receivables outstanding have been paid in full, after the period end.

26 Subsequent events

There were no significant subsequent events between June 30, 2024 and the date of issue of these financial statements other than included in the preceding notes to the condensed consolidated interim financial statements.

Retirements

Caledonia awarded discretionary payments to selected employees over 60 years of age that are expected to result in an expected outflow of \$2.4m in fiscal 2024 (excluding Share-based payment awards granted that remained unaffected).

Dividends

Dividends of \$2.7 million were declared and paid by the Company during July 2024.
